## MANY SEEK THE SOOTHING WATERS OF DESERT OCEAN

When the stars were just beginning to peel out and twinkle with diamond luster last night a delightful party of young folk left Tonopah on a hay ride to Alkali Springs, where they enjoyed the comforts of the seashore, the sand beach and the breaking waves of the desert ocean. For hours they rolled, tumbled and romped in the waters and it was early morning before the party returned home, tired but happy after the glorious time spent at the oasis.

The members of the party were: George Shields, Thomas Gibbons, George Ryan, Milton Pollard, Lavoy Davis, William Cuddy and Austin Wardle, Lavina Shields, Luella Roberts, Arleen Dazell, Esther Wiley, Lucille Murphy, Edna Shields and Isabella Slavin. The chaperone was Mrs. Robert Dazell.

## MUST STAND FOR U. S. ANTHEM

WASHINGTON, July 25.—Lieut. Wm. H. Santelmann, leader of the United States Marine band, today took action to compel auditors at the band's concert to stand when the "Star Spangled Banner" is played. Programs of a concert today contained the following order:

## SEND OUT SECOND CAR CONCENTRATES

## FLOTATION PLANT AT BONNIE CLARE DEMONSTRATES ITS EFFICIENCY QUICKLY

The flotation plant installed at Bonnie Clare by H. M. Clifford, John Manion, George and Ver Quigley yielded its first carload of concentrates ten days ago and another carload will go out on the first of August. The plant has been in operation only a short time, but the backers are satisfied that they will be well paid for their enterprise. These leasers say nothing about the values saved, but they express their satisfaction with the process. The old slimes of the Jumbo Extension that accumulated during the period that company had a lease on the mill furnish some of the best values, although the residue from the old cyaniding plant of the original builders proves that the values were not all extracted.

## T. M. PATTERSON DIES AT HIS DENVER HOME

## ORGANIZER OF SILVER PARTY AND OWNER OF TWO DAILY NEWSPAPERS

DENVER, July 25.—Thomas M. Patterson, former United States senator, died at home here yesterday. He was in his seventy-seventh year and had been in poor health for several weeks. Patterson was widely known as an editor, attorney and political leader. He represented Colorado in the United States Senate from 1901 to 1907 and was for many years the owner and editor in chief of the Rocky Mountain News and the Denver Times. In the days of the Populist party he was a national leader in the movement and in later years was equally well known as a Democratic leader, by which party he was sent to the Senate. His fortune, consisting largely of real estate holdings in Denver, is estimated by associates at several millions.

## BAD FEELING DUE TO RECENT ORDER

## SUBJECTS OF ALLIED POWERS MUST FIGHT FOR ENGLAND OR GO HOME

LONDON, July 25.—Wide difference of opinion has arisen and the ground prepared for a controversy among the political leaders by the government's decision that the subjects of its allies in the war residing in England shall either enlist in the British army or be deported.

Particular objection to the decision has been engendered insofar as it may effect Russian subjects here who may be political refugees, a large element of the more liberal thinkers in public life priding themselves in the traditional asylum offered by England in this respect. Herbert Samuel, secretary of the Home office, stated in the House of Commons that the plan to deport those failing to enlist would not be enforced in the case of Russian subjects, if a tribunal decided that they are political refugees. The suggestion has been made that instead of sending back to their own country Russian Jews who have left Russia for reasons known to everybody, though they are not exactly political refugees, they should be sent to America or deported to some other neutral country of their choice.

The desire to avoid offending Russian susceptibilities on the subject is general, for which reason the question is regarded as one of unusual delicacy. One group holds that the sending back of Russian Jews to their own country would gratify no important Russian sentiment, and might effect the reverse result. The true inwardness of the situation, according to the London correspondent of the Manchester Guardian, is that Englishmen taken into the army under conscription resent the immunity of Russian Jews and regard them as "job stealers."

SCENE FROM "SILVER THREADS AMONG THE GOLD"

## ALL KINDS OF DOPE FROM DEATH VALLEY

A perfect riot of mineralization seems to exist in a spot in the north arm of Death Valley which is covered by the locations of Henry Gregg, Dr. J. R. Cunningham and Alex Sorensen. The scope of the mineral depositions consists of a spring of mineral water that is proven to possess rare qualities in dietetics. There is another spring of alum potash water so strong that it is almost a saturated solution. Mr. Gregg, who is now on the ground directing development work, has sent to Dr. Cunningham a number of sacks and jars of product that are most interesting to inspect. In addition to the containers of mineralized waters, a jar also contains a quart of incrustations at the edge of the spring which is almost pure alum-potash.

The minerals in the matrix are gold, silver, lead, zinc, cobalt, iron and copper. The cobalt specimens are particularly interesting. In addition, a sack of almost pure sulphur was forwarded. It contains crystals of molybdenum, a metal that is also found in quantity on the croppings in the form of molybdenite. The property is to be most thoroughly explored.

## WOMEN POLICE ARE POPULAR

## HAVE VIRTUAL CONTROL OF THE MUNITION FACTORIES OF ENGLAND

LONDON, July 25.—Women police are making good according to the chief officer of the women's police force. They are employed in munition factories very largely to search the ingoing and outgoing women workers for contraband, keep order in trains, to inspect passports and to patrol the lanes and yards. They get \$10 weekly with railway fares; sergeants receive \$11 and inspectors \$12. The chief officer says school teachers are particularly wanted for the force as their training fits them admirably for police duties which require good temper, patience and tact with firmness.

The girls in the factories appear to be very fond of the women police and are asking the government to appoint more for various munition works throughout the country.

## COLORED VOTERS REPUBLICAN COUNTY CLUB IS LAUNCHED

The Colored Voters' Republican club of Nye county was organized at a meeting held last evening in the office of J. Grant Crumley. There were fifteen colored men present. Eugene B. Grey called the meeting to order. Edward Lewis was chosen permanent chairman; J. W. Johnson, vice chairman, and J. W. Clark, secretary. Another meeting will be held in the near future, when a large addition to membership, both men and women voters, is expected.

## SPRAYING THE MINES TO PROMOTE HEALTH

## DEPUTY MINE INSPECTOR WILL TRY OUT A SUGGESTION ON THE HALIFAX

A device has been planned by Charles Huber, deputy state inspector of mines, for making working conditions in the deep mines of Tonopah more comfortable and healthful. It was suggested by him to a Virginia City superintendent, who put the idea into effect with excellent results. It will probably be tried out first on the 1700 level of the Halifax, the deepest and one of the highest workings in Tonopah.

The idea is to carry a water line along with the air pipe and at the point of discharge to have the water flow across the air orifice, where it is transformed into spray, cooling the air and allaying the dust in the face of the opening.

## WATCHING THE SHARKS AROUND ATLANTIC CITY

There is no longer any anxiety felt about the Hot Creek cowpuncher who disappeared in Tonopah on July 4th without leaving any trace of his whereabouts. It develops that he left that morning for the east and at last accounts was at Atlantic City disporting in the wild sea waves with the manateers.

## AMUSEMENTS

## BUTLER THEATER

Tonight at the Butler the public will have an opportunity of witnessing a program which is entirely out of the ordinary. Richard J. Jones, whose name is a household word the world over, will appear in a leading part in a six reel feature entitled "Silver Threads Among the Gold," also appearing in person, singing his favorite songs throughout the picture. Nothing like it has ever been offered here before and it will not only prove a novelty, but a rare treat to every one. Mr. Jones can be heard on the phonograph in nearly every home in the country; here you will see him in the picture, see him in person, and hear him sing those dear old songs which have made him internationally famous from the time he was working as a blacksmith in Virginia City in this state and from which place he started on his famous career. There will be only one show in the evening, starting at 8:15.

Tomorrow, Napoleon and Sally, the educated chimps, in a one-reel animal comedy, and Alice Brady in "Then I'll Come Back to You," from the story by Louis Evans which recently ran serially in the Metropolitan magazine.
